### Rules of Conduct

- If gate is closed keep it closed
- ATV, horses or walking access
- Two (2) guests per hunter
- Call for lock combination, it changes periodically
- ATV on established roads only

### East Fork Chalk Creek CWMU Description

The East Fork Chalk CWMU is east of Coalville, Utah up Chalk Creek. Humpy Peak at greater than **10,800 feet** is the high point of the Unit. The elevation along the East Fork of Chalk Creek decreases to **6700 feet**. Both the East Fork and Middle Fork of Chalk Creek are part of the unit. The East Fork decreases from 9600 feet and the Middle Fork from 7700 feet to where they combine at 7200 feet. Except for the abrupt extension of Humpy Peak the relief on the eastside of the Unit is not as steep as that on the west side.

The East Fork Chalk Creek Cooperative Wildlife Management Unit (CWMU) land cover is a combination of Rocky Mountain **Aspen Forest and Woodland** (22) and Inter-Mountain Basins Montane **Sagebrush Steppe** (62). The Aspen Forest and Woodland is in the middle of the unit. The Sagebrush Steppe is scattered from the northwest through the middle and into the southeast part of the Unit. Rocky Mountain **Gambel Oak-Mixed Montane Shrubland** (41) and Rocky Mountain Subalpine Dry-Mesic **Spruce-Fir Forest and Woodland** (26) also add to the land cover on certain parts of the Unit.
